Cardiology

Healthetc offers you the best in cardiac diagnostic technology. We give you the advantage of our accurate and precise testing facilities through the aid of world-class instruments.

- **Advanced SCHILLER ECG Holter Monitoring System with Analyzer**

Patients with a cardiac infarction or cardiac arrhythmia are especially vulnerable. We provide the best Advanced SCHILLER ECG Holter Monitoring System for **accurate determination of ECG Holter values**.

- **Echocardiography & Echo Doppler Study**

It is a painless test that uses sound waves to create moving pictures of your heart. It shows the size and shape of your heart & how heart's chambers and valves are working.

The use of Doppler technology allows to determination the speed and direction of blood flow by utilizing the Doppler effect.

- **TMT Test**

is a active measuring device. It measures the heart rate of the subject.
